

RIEWORKS

Royal Industrial Engineering Works

Manufacturing high grade industrial equipment to meet the challenges of today and tomorrow

Who we are

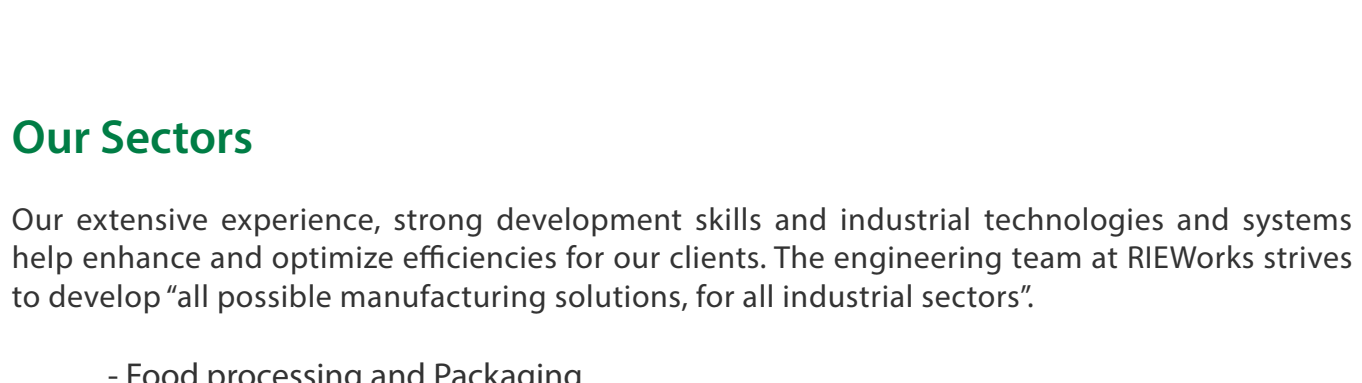

RIEWorks has been serving clients by providing smart industrial solutions

- Providing best services in industries since 1983
- Our head office is based in Pakistan and overseas is located in Botswana
- Operating machinery we manufacture is designed to meet the client's expectations and above
- We use high grade materials and advance technology for ensuring flawless performance of the products

Our Vision

The vision at Royal Industrial Engineering Works is to continuously pursue advanced technology to design and manufacture industrial operating machinery and to collaborate with our clients to guarantee them profitable and reliable solutions to increase their working efficiencies. Our mission is to build on our history of product excellence and technology innovation to provide the highest-quality and most reliable products and services to the clients that seek smart manufacturing solutions.

Our Clients

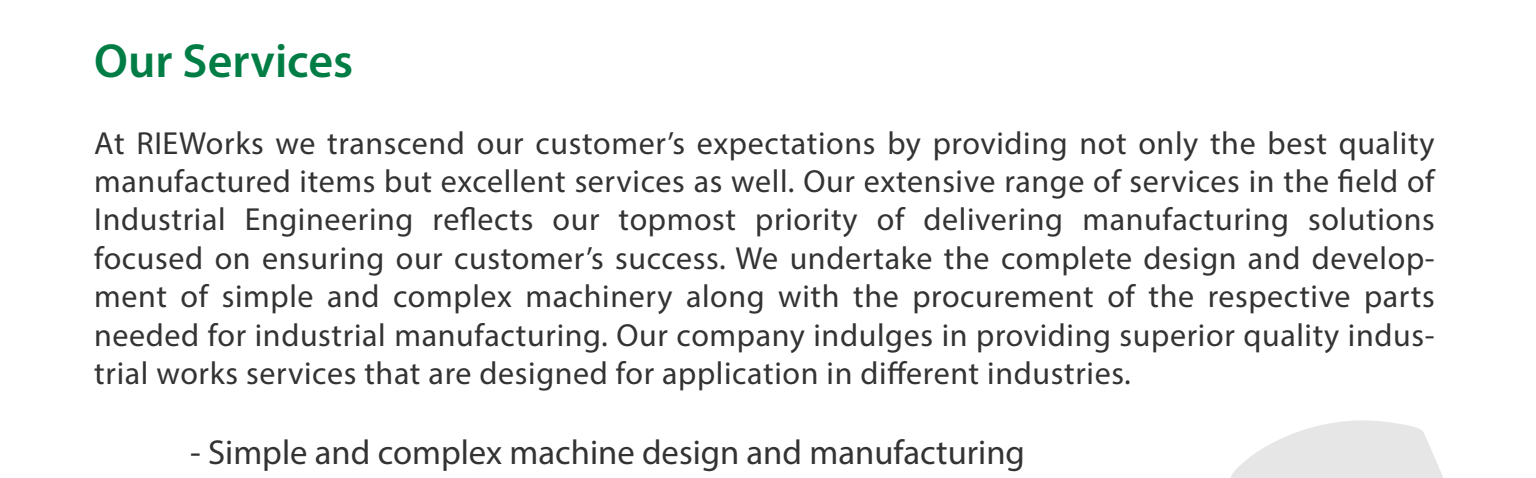

Our Sectors

Our extensive experience, strong development skills and industrial technologies and systems help enhance and optimize efficiencies for our clients. The engineering team at RIEWorks strives to develop "all possible manufacturing solutions, for all industrial sectors".

- Food processing and Packaging
- Gas Processing and Compression
- Textile Industry
- Rice Mill
- Oil Refinery
- Plastic Industry
- Chemical Processing
- Cement Industry
- Pharmaceutical
- Hospital SS Furniture

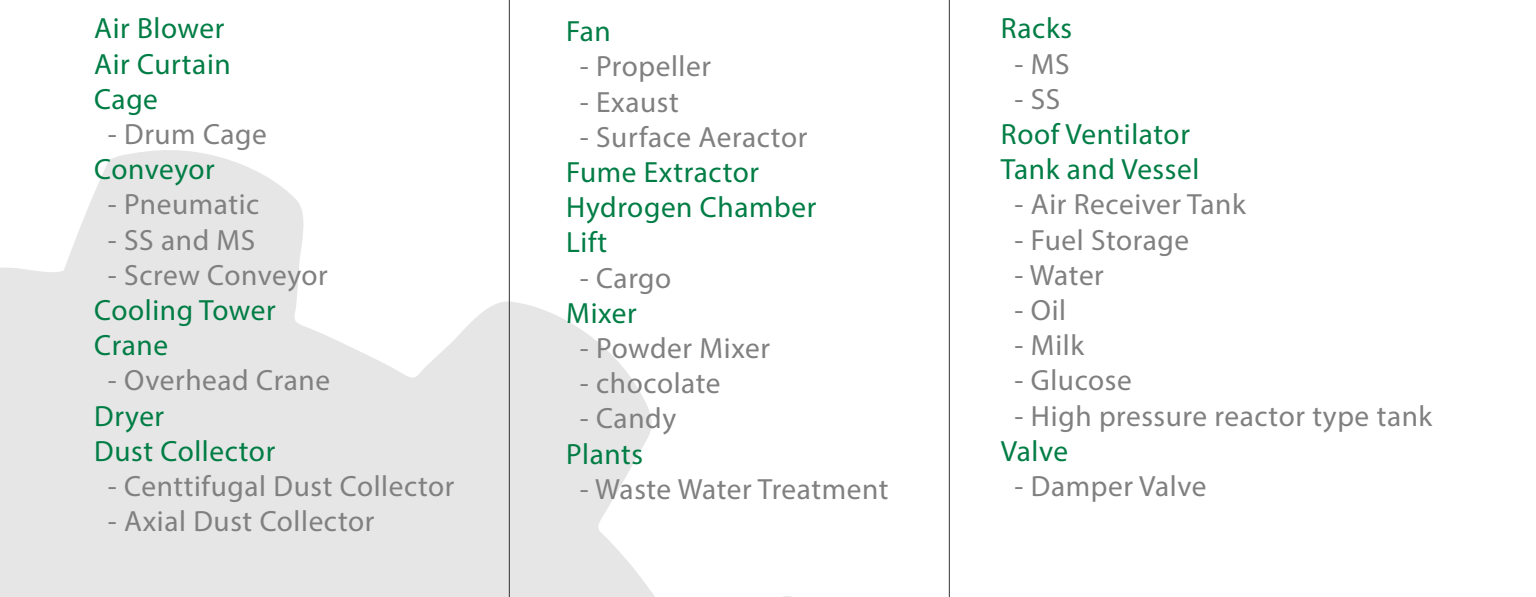

Our machines are manufactured with a personalized approach to ensure your personal growth and business progress. Clients avail these services as per their exact requirement.

Our Services

At RIEWorks we transcend our customer's expectations by providing not only the best quality manufactured items but excellent services as well. Our extensive range of services in the field of Industrial Engineering reflects our topmost priority of delivering manufacturing solutions focused on ensuring our customer's success. We undertake the complete design and development of simple and complex machinery along with the procurement of the respective parts needed for industrial manufacturing. Our company indulges in providing superior quality industrial works services that are designed for application in different industries.

- Simple and complex machine design and manufacturing
- MS and SS Fabrication
- Procurement
- Ducting works
- Piping works
- Reverse Engineering
- Chemical Processing
- Instrumentation and Control
- Industrial Automation
- Maintenance and Testing

Manufacturing

For the past 31 years, RIEWorks has been a reputable name in the market for manufacturing high grade operating equipment. We are committed to innovating and manufacturing superior quality machinery and delivering successful industrial solutions. Our manufactured items are most preferred by our clients given our rich experience in understanding the client's needs and our expert engineering team does no compromise on manufacturing high quality robust machinery.

Air Blower Air Curtain Cage - Drum Cage Conveyor - Pneumatic - SS and MS - Screw Conveyor Cooling Tower Crane - Overhead Crane Dryer Dust Collector - Centrifugal Dust Collector - Axial Dust Collector	Fan - Propeller - Exhaust - Surface Aeractor Fume Extractor Hydrogen Chamber Lift - Cargo Mixer - Powder Mixer - chocolate - Candy Plants - Waste Water Treatment	Racks - MS - SS Roof Ventilator Tank and Vessel - Air Receiver Tank - Fuel Storage - Water - Oil - Milk - Glucose - High pressure reactor type tank Valve - Damper Valve

Biomedical Services & Equipments

RIEWorks is capable of completely satisfying the needs of clients, believe in high quality standards. Patient safety and recovery is our first priority.

- Central System**
- Gas Pipe Line System
 - Oil Free Medical Air System
 - Medical Oxygen Generation System
 - Medical Oxygen Manifold System
 - Medical Vacuum System
 - Medical Scavenging System
- Modular System**
- Modular ICU, CCU and Emergencies
 - Bed Head Paneling System
 - Rigid Pendant
 - Ceiling Pendant
 - Wall Mounting Monitor Stands

- Heating Side**
- Infant Radiant Warmer
 - Infant Mobile Warmer
 - Infant Incubator
- Bacteria Free Health Air System (Using HEPA Filters)**
- HEPA Filter captures up to 99% of airborne particles including dust mites, debris, mold spores, plant pollens and pet dander

Customized Solutions for Water Treatment

We offer total solution for RO plants with wide range of product line of antiscalant, antifoulants, sanitizing and preservative agents and cleaners.

- Systems We Deliver**
- Water softening plant
 - De-Alkalization Plant
 - De-Mineralization Plant
 - De-gasification Plant
 - Reverse Osmosis Plant
 - Ultra-Filtration Plant
 - Sand Filtration
 - Carbon Filtration
 - Iron Removal System
 - Cartridge Filters
 - Waste Water Treatment Plant
 - Waste Water Recycling Plant
- Consultancy for:**
- RO Plant Treatment
 - Cooling Water Treatment
 - Boiler Water Treatment
 - Waste Water Treatment
 - Cleaning Support

Accessories & Instruments for Water Treatment

- Chemicals for:**
- Reverse Osmosis Plant
 - Boilers
 - Cooling Water
 - Closed circuits
 - Waste Water Treatment

Chemical & Plant Support Services

Electro-Mechanical Services
